

Dear Colleagues:

Now, more than ever, thoroughly cleaning and disinfecting of every surface in the hospital is essential to ensuring the safety of healthcare professionals, patients, visitors and family members.

As part of Nihon Kohden's continued effort to support healthcare providers, patients, visitors and family members, we want to make you aware that you can follow the cleaning and disinfecting recommendations from the U.S. Centers for Disease Control and Prevention (CDC) and the U.S. Environmental Protection Agency (EPA) on COVID-19 without voiding the warranty of your Nihon Kohden devices.

For further information on cleaning and disinfecting recommendations, please visit:

- [CDC recommendations for cleaning and disinfecting](#)
- [EPA list of disinfectants for use against COVID-19](#)

We will continue to provide additional updates as this situation evolves. In the meantime, should you any additional information or resources, please let us know.

Thank you,

*Genoveffa A. Devers* DNP, MSHA, RN, CPHQ
